NDC 100 Retrofit Pivot Kit

For center-hung floor checks

Rixson • Doromatic • Pittco • Dorma • MAB

- ★ Faster, more economical installation than using continuous hinge or dummied closers
- ★ Easy to install
- ★ Preserve the exterior door system
- ★ Allows doors to become ADA compliant using automatic and manual closers
- ★ Same-day shipping via UPS

NDC 100

Easy Installation!

1. Remove old door closer arm from bottom of door.
2. Install pivot plate in door bottom.
3. Slide cap and bearing over the spindle of the old closer.
4. Rehang the door. Install automatic or manual surface-mounted closer.

Go to www.replacedoorcloser.com for illustrated installation instructions and a demo movie.

NDC/Rixson 808 Retrofit Kit

For Rixson overhead concealed closers

- ★ Faster, more economical installation than using continuous hinge or dummied closers
- ★ Retrofits most Rixson overhead concealed closers
- ★ Easy to install
- ★ Preserves the exterior door system
- ★ Allows doors to become ADA compliant using automatic and manual closers
- ★ Same-day shipping via UPS

NDC/Rixson 808 Retrofit

Easy Installation!

1. Remove door and Rixson closer.
2. Install NDC/Rixson 808 kit plate with 3/16 tee handle or allen wrench using original mounting holes.
3. Clean top side of cover plate, remove protective paper on doublestick tape, press cover plate onto tape.
We recommend installing a small screw through cover plate to ensure it is secure.
4. Install NDC 102 Endload as you normally would.
5. Install automatic or manual surface-mounted closer.

Go to www.replacedoorcloser.com.

NDC 102 Retrofit Pivot Kit (Endload)

For overhead concealed closers

Jackson • Dorma • Kawneer

- ★ Faster, more economical installation than using continuous hinge or dummied closers
- ★ Easy to install
- ★ Preserves the exterior door system
- ★ Allows doors to become ADA compliant using automatic and manual closers
- ★ Same-day shipping via UPS

Easy Installation!

1. Remove closer arm from top of door.
2. Install pivot arm in top of door.
3. Set bearing assembly on spindle of the old closer.
4. Rehang the door. Install automatic or manual surface-mounted closer.

Go to www.replacedoorcloser.com for illustrated installation instructions and a demo movie.

NDC 102 Retrofit Pivot Kit (Sideload)

For surface-mounted door closers with sideload arms

Jackson • Dorma • R&K

- ★ Faster, more economical installation than using continuous hinge or dummied closers
- ★ Easy to install
- ★ Preserves the exterior door system
- ★ Allows doors to become ADA compliant using automatic and manual closers
- ★ Cast from yellow manganese (bronze), this super-strong arm employs the same dual-bearing configuration as the original NDC 102, but in a sideload configuration to accommodate sideload overhead concealed door closers.
- ★ Same-day shipping via UPS

Easy Installation!

1. Remove closer arm from top of door.
2. Install pivot arm in top of door.
3. Set bearing assembly on spindle of the old closer.
4. Rehang the door. Install automatic or manual surface-mounted closer.

Go to www.replacedoorcloser.com.

When ordering, please specify sideload block position from interior side of entrance:

Left side/inside

Left side/outside

Right side/inside

Right side/outside
